What's going on this week?

2nd-8th September
Are our actions more important than our words?

Global Climate Action

Environmental activist, Greta Thunberg, set sail from the UK, on a 2-week journey to attend the UN climate summits in New York and Chile. Fans gathered to wave her off on her voyage across the Atlantic. The 16-year-old made a speech ahead of departing from Plymouth on the Malizia II, a solar-powered racing yacht with underwater turbines. Greta said she was dedicated "to do everything I can" to tackle climate change which is a "very big problem".

Things to talk about at home...

- Why do you think Greta chose to sail to the event instead of flying?
- Do you think it was the right thing for her to do? Why?
- What do you think would have been hard about traveling in a small boat for 2-weeks?

Please note any interesting thoughts or comments here...

DATA PROTECTION REGULATION - You may not be aware but the General Data Protection Regulation (GDPR) comes into force in May 2018. As part of our preparations we are conducting due diligence for all parents to be aware of the new regulation and how it affects their child and the way the school deals with their personal data. Under the new regulation we have a responsibility to ensure to the best of our ability that any personal data held is up to date. We would ask that should any of your personal data change i.e. telephone number, address, medical needs etc that you please inform the school as soon as possible so we can update our records. You will still receive an annual data collection sheet every September but we would ask you not to wait but inform the school of any changes immediately.
